Canton, Mass. (November 22, 2010) – Columbus Advisors Group, LLC a minority owned institutional investment advisor and proprietary trading firm today announced the addition of Ronald L. Coleman, CPA as Director of Research and Co-Portfolio Manager.

Ron comes to CAG from Columbia Management Advisors, a Bank of America company, where he served as Director of Research. In his role at Columbia he provided relative value analysis for a company with over US\$600 billion in assets under management. Prior to that, he held various research and portfolio management positions from companies such as American Express Advisors, Harris Investments and First National Bank of Chicago.

“Ron’s extensive industry experience and impressive track record for securities selection and managing assets is a welcomed addition to our firm. He brings a great deal of knowledge and proven ideas that will help guide the company’s continued growth”. Said **Levence S. Eutsay**, founder and Managing Partner of Columbus Advisors Group.
